

Science & Science Fiction

33-120 | Prof. Katie Breivik

Announcements

- ▶ Quiz 7: 30 pts available now! Question 2 is a freebie.
- ▶ Final: On Canvas anytime during the week of 04/28-05/02

Final format: 2 quizzes worth 100 points each

- 90 minutes allotted for each quiz
- topics span source material up to this week

Aims of the course

Be able to discern whether science fiction topics are:

- Realistic
 - based on concrete science that is accurately reflected by the onscreen material
- Possible in the future or a *prediction of future technology*
 - could happen in a hypothetical situation but hasn't happened yet
- Impossible
 - physically impossible regardless of future technical developments
